

Financial Assistance Application – AbleLink Smart Living Service

Submit this completed form to request a discounted monthly rate for AbleLink Smart Living Technologies' **Smart Living Service**. This special rate is for eligible individuals with intellectual and / or developmental disabilities (IDD) and is applicable under the following limited circumstances:

- **Discounts are only available to individuals who are using AbleLink Smart Living Service software**
- **Individuals receiving a discounted rate must not have access to funding for the monthly Service fees through their state's IDD Waiver or other funding sources**
- **Discounted rates are provided only for individuals for whom the full cost would prohibit their use of the Smart Living Service**

In some cases, the Davies-Gauthier Foundation may be able to provide new or refurbished hardware. Applicants will be notified of the status of any hardware requests before the discounted rate is offered. Neither the Davies-Gauthier Foundation nor AbleLink Smart Living Technologies will provide internet or cell phone services, regardless of the hardware source.

By signing this application, I attest that the Applicant does not have access to funding for the monthly Smart Living Service from a state's IDD Waiver or from other resources through no fault of their own, and that paying full price would prohibit their participation. The Applicant agrees to pay the reduced rate monthly to maintain their service. I further agree to notify AbleLink Smart Living Technologies if the waiver requirements or other funding options make it possible for the Smart Living Service to be paid for at the regular rate.
